Dear Members,

As we approach this much anticipated merging of our two great clubs, we wanted to update you all on our time line to closing the merger and some of the achievements to date.

Club Merger Closing:

Right now, we’re set to officially merge the two clubs into the new Lookout Mountain Club on June 30th. That will include signing new loan documents and filing our new name and documents with the state of Georgia. Victor Balcom, Jay Jenkins, Ben Brown, and Tommy Gifford have done an outstanding job working through all the financials, securing a very beneficial loan, and working on the necessary check-list to bring us to a close.

Once we close, members will fall into their new membership classification of either Regular or Full Member. For the majority of you, this will not change at all in your dues structure. For the others, you will begin to see a change in your dues based on your current club membership. Based on the amount of work needed to merge the membership, these changes will not take effect until your August statement.

We have several other exciting things going on right now:

- Angie Sutherland and the Social Committee threw a very successful Kentucky Derby Party at the Golf Club enjoyed by all attendees.
- David Bennett and the Swing Ding Committee produced another successful Swing Ding tournament, with Steve Johnson and Huxley Brown winning the coveted Red Jackets.
- Sue Webb has been providing Pickle Ball lessons and Live Ball clinics for members.
- We have partnered with Neighborhood Barre to offer Barre classes in the Fitness Center
- The Pool has been bustling throughout the week - be on the lookout for the fun family dinners on Wednesday nights.
- Food and Beverage has consolidated lunch service into one location at The Golf Club, and the enhanced menu has already received several compliments from our members.

In closing, we’d like to thank all staff members at each club for all the hard work they do. The success of our special events and day-to-day operations are due to their diligence and dedication. We owe them a great deal of gratitude for their loyalty and efforts.

All the Best,

Andy Pippenger      Will Kline

This phone list will be changing in a few weeks.
Watch your email and mail for the updated list.
There has been a flurry of activity at both Clubs since the membership(s) approved the merger in February. We have embarked on a new journey that is brimming with opportunity for the members and staff alike. The staff and I are committed to providing the members and their guests a welcoming atmosphere of service excellence in all that the Club offers. As the Presidents outlined in their article in this newsletter, the merger closing is scheduled for June 30, 2017. We now understand specifics of merging operationally and there are several operational changes because of the merger. I know that communication has been all but nonexistent during this transitional period; however, rest assured that we are committed to diligently communicating timely information to help you assimilate all that the new Lookout Mountain Club will be doing to create the best experience for you, the member. So, let’s get started...

Starting with this newsletter issue, there will only be one newsletter for the new Lookout Mountain Club covering all activity at both facilities. You will notice the newsletter has three main sections: General info., Fairyland facility and Golf facility. The newsletter will evolve in the coming months as we gain experience with how to organize and communicate all that is happening at the Club. Please watch your regular mail (as well as email) for special communications between newsletter mailings, which will detail specific changes or programs that cannot be fully outlined in a newsletter or are notifications of a time-sensitive nature.

We are in the process of merging the accounting offices. The main office will reside at the Fairyland Club due to the required space needed to house a larger accounting operation and will include the business/accounting office, General Manager’s office, Membership Director’s office, and the Catering office. Consolidating the physical offices (membership files, accounts payable, etc.) is only one half of the office merger; we will also be merging the member data bases, which include website, emails, statements (billing), tying the two facilities computer intranet/network together, etc. We will send a separate communication with specific information regarding the new dues structure as outlined and approved in the merger agreement for Golf Members as approved by the membership(s) in February. There will also be a special, separate communication dedicated to website, online statements and bill pay options, email, and new services for online event reservation/registration.

The first operational (merger) consolidation was to pull lunch operations together. This change has already been implemented beginning the week of June 13th and includes Sunday brunch. Given the focus of lunch at the Golf Club, and the need to continue food operations during the day to facilitate golf play, it was an obvious and easy decision to move all lunch, and breakfast, service to the Golf Club. There will no longer be regular lunch or brunch service provided daily at the Fairyland Club; however, luncheons, banquets and other special lunch events may still be booked at the Fairyland Club through our Catering Director Tammy Puryear. For more details see below. All menus can be viewed online at the current Fairyland website at fairylandclub.org under the dining tab; you do not need to log in to view menus. These changes were emailed to the membership a few times, but we recognize that not all members use email as their main form of communication; therefore, in the future, as mentioned above, we will be sure to include in hard copy such 102 changes prior to implementation.

The phone systems are also being “merged” together in the next few weeks, making it much easier for members to contact the Club at either of the facilities. Please continue to use the current contact list (detailed in this newsletter) until the new system is finalized. A detailed listing of phone numbers and how to make reservations will be sent to the membership within the next few weeks.

This newsletter also outlines the various programs throughout the Club. Notice the new barre class for the fitness center, as well as the new ball machine and pickleball for tennis. There are many summer programs such as water aerobics, fun camps, golf camps, etc. available to the entire membership.

I look forward to seeing you at the Club!
Victor Balcom II, CCM
General Manager/COO

Getting to Know You

The Lookout Mountain Golf Club

At a Glance

Since the merger of the Clubs is imminent, we thought it would be a good opportunity to familiarize our Fairyland Club members with some of the fun facts and features of our partner, the Lookout Mountain Golf Club:

• Originally founded as the Fairyland Golf Club in 1925, the golf club was part of Garnet Carter’s dream for an exclusive resort colony called “Fairyland” that also included the Fairyland Inn, which is today our Fairyland Club.

• The 18-hole, world-class golf course was designed by renowned American golf course architect Seth J. Raynor, who was the engineer and protégé of the most influential architect in America golf, C.B. MacDonald.

• Scott Probasco, Sr. had made Raynor’s acquaintance in 1923 and, through this connection, was instrumental in securing the noted architect to design the Lookout Mountain course.

• Lookout Mountain was the last course that Raynor designed before his untimely death of pneumonia, at the age of 47, in 1926.

• It is the only course Raynor built on a mountain, giving it a unique architectural design of being both a “links” and “inland” course.

• It is currently one of only 35 Raynor courses left in existence today.

• It was voted “Top 125 Classical Golf Course” by Golfweek Magazine in 2013.

• Known as a true golfers’ golf course, it is a favorite among professional and amateur golfers alike.

• The record for the Par 70 course is currently held by Pat Corey, who shot a 63 in the Chattanooga Men’s Metro Championship in 2001.

• Private lessons and clinics are available for players of all ages and abilities.

• There are a plethora of tournaments throughout the year, including the famous Swing Ding, Member-Member (Men & Women), Pre-Masters, Border War, Paddy Whacker, Turkey Cup, Ladies Witches Scramble, Couples Nite Golf, Couples Turkey Tournament & Club Championships for Men/Women/Juniors. Though physically located in Georgia, the club is a member of the Tennessee Golf Association, PGA and the Chattanooga District Golf Association; and has hosted many prestigious golf championships over the years, including the Tennessee State Amateur, Tennessee PGA, Chattanooga Amateur and the Women’s Southern Amateur.

• Both the course and clubhouse are ideally positioned to take advantage of the natural mountainous terrain and sweeping vista views.

• Renovated in 2000, the clubhouse features a variety of dining and entertaining spaces, including the main dining room, a large covered terrace, private dining room, living room, bar and Men’s Grille; a Pro Shop stocked with premium golf attire and accessories; Ladies’ and Men’s locker rooms; and a Juniors’ room.

A perfect complement to the Fairyland Club, our Golf Club partner allows us to expand our recreational offerings with golf and to provide additional dining, entertaining and social benefits for members. Together, we can all be very proud of the exceptional amenities and incredible private club value we have to offer as The Lookout Mountain Club!

Don’t forget Lookout Mountain Club members always receive 10% off all retail. To take advantage of these amazing offers you must charge to your membership account. Come let us pamper you this season at Mountain Escape Spa!
**Fitness**

Mike Alley, Fitness Director

If you’re a regular at the Fairyland Fitness Center, let me start out by giving you a virtual high-five! Good job. Regular exercise is awesome. Now if you’re a one-dimensional type (the only thing you do is the EXACT same cardio machine EVERY SINGLE TIME), then I want to offer some help. Chances are you don’t have a ton of time and you’re not sure what else you can do to optimize your fitness. Lift weights. How much, how often, which exercises?! So many questions!!! No wonder you don’t lift weights- it’s too confusing. Use the following template as a starting point: For upper body there are two primary planes of movement: vertical and horizontal. Within those two planes of movement you can push and you can pull. Here’s what that looks like: Horizontal push- chest press, bench press or push-ups. Horizontal pull- ring-rows or pulley rows. Vertical push- shoulder press with barbell or dumbbells, or push-press. Vertical pull- pull-ups, or pull-downs. You can use machines or free weights for these 4 movement patterns. For legs we’ve got quad dominant or hip dominant movements: leg press, step-ups, leg extensions for quad dominant movement and deadlifts, squats, or leg curls for hip dominant movements.

Pick one exercise from each of the six groups I’ve just outlined and you’ve got a template for a quick, full-body circuit. Initially, just perform 1 set of each movement using 8-12 repetitions 2-3 times per week. If you survive, maybe next time try adding a few reps or bumping up the weight a little bit. Over time, you can add a second round. Bottom line, weightlifting doesn’t have to be a huge time commitment and you stand to benefit in a number of ways- increased metabolism, increased insulin sensitivity and improved bone density among other things. If you need help with any of these lifts, by all means let me help. You can reach me at 423-240-5355. Mix it up! Have a great July!

A View From The Links

Mark Hearn, Golf Course Superintendent

Congratulations to all the Swing Ding Winners, from your Grounds Maintenance Staff!

Hello LMC Members,

We added deep tine aerification to our usual venting of the greens on the Monday after Swing Ding. Healing time was about 14 to 17 days vs. about 7 to 10 days for venting alone. The half inch holes take a bit longer to heal but the 7 inch depth will help the bent grass through the heat of summer. We will do the deep tine in April, as usual next year, if possible. Warmer weather was delayed until about June 12th this year. That is when we saw the first good sign of bermuda growth. We will apply extra fertilizer to the areas thinned by drought last season. We finished the drainage projects on 4 and 10 tees in June when the Bermuda could grow in quicker.

From June through mid September we will be doing “wilt watch,” so please excuse any delays if you see us pulling water hoses on the greens. Mornings, we hand water the previous day’s mapped areas. Afternoons, we hand water wilt and map areas that will need extra water. We use moisture meters for accuracy. It normally takes two employees about two hours to water and map the dry areas between 2 pm and 4 pm. Dry spots are normal. Those spots must be watered by hand in order to prevent the remaining green surface from being too wet.

In July and August, we will be working on dead tree removal on holes 7 and 10, tee and sod projects and aerifying compacted areas in the Bermuda.

The Club lost a super employee to cancer on June 5, 2017. Wayne Thomas started working for Brett Mullin in Golf Operations then switched to Grounds in February, 2000. He operated the trap rake until he was unable to actually get on and off the machine. From then until last fall he operated the rough mower and bush hog. He kept us laughing the whole way. The one thing that always happened when you saw Wayne - you smiled! He was 85 years old, a die-hard Steelers fan and a plain-spoken Yankee :o) He was the bright spot in our department and cannot be replaced.

“Summer afternoon - Summer afternoon... the two most beautiful words in the English language.” - Henry James
